

## **DETAILED ACTION**

The present Office Action is responsive to the Amendment received on February 13, 2012.

### ***Applicant's Amendment is NON-RESPONSIVE***

The reply filed on February 13, 2012 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the claim set submitted on February 13, 2012 appears to be the set which were submitted two amendments ago. The claim set which were submitted and entered previous to the present amendment (*i.e.*, the amendment dated July 20, 2012) amended the claims solely to methods of producing polypeptides. This amendment was in response to an Office Action dated May 6, 2011. The present claim set, however, reverts the claimed subject matter to those which were submitted on February 1, 2011, to methods embracing the transcription embodiment. Therefore, the present amendment clearly amends the claims with respect to the most recent entered claim sets, but fails show any markings thereto. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
